

Creating

Family

Entertainment

International Entertainment will become the worlds largest entertainment organization. And you can become apart of this historic finical opportunities.

This division contains all of our entertainment divisions from music, theater, films, sports and most every classification of family entertainment

(IE) AKA, International Entertainment is solely created to present the finest productions in family entertainment. To create new national taxable resources this will increase tourism thereby creating a new taxable income and this will reduce the deficit in time.

International Entertainment will be launching a global search to create our individual executive board CEO, President, VP, CFO, DOP board members.

This opportunity will allow most any member to participate throughout this division of our organization.

Most any member has the opportunity to present our development board with any of their ideas,? This will allow all of us to expand our creative abilities and financial opportunities within this organization.

As a member we all carry the same responsibility for one another; to encourage, support, and to become a part of our family. We are the true meaning of an equal opportunity employer.

We will offer most everyone to become involved in our 5 + deal. This will allow those that wish to cross over in to other entertainment markets to have this opportunity to take their talent and expand on it. Our goal is for them to have the same or even better successes in other fields of entertainment or business.

5+ means that most everyone has the same opportunity to participate in most every market throughout our organization. You may be able to participate in five films as a director, protector, writer lead or supporting roll, a cameo, walk-on or as an extra. Other will be allowed to participate on the soundtrack, by submitting their work or to perform as an individual artist or a musical group. We want you to excel and to expand your talents and abilities.

We believe that family entertainment is the largest market in the world and the market that we will expand and succeed in.

We want our events to become there where a father feels safe to bring his son, mother and daughter and can find common ground or together, as a family, can create new lasting memories. When our events our broad caste to a private theater or home, or at a stadium surroundings, we want everyone to feel welcomed and a part of our family.

(IE) will have age appropriate events for all stages of family events. We are going to ensure that the matter of the event will be age appropriate to ease families conflict of interest.

By rating our events this will help us market our productions more efficiently so we may maximizes our profitability's to reimburse our investors.

We want to create an environment for increasing our advertisers, sponsors and donors by presenting ourselves in a positive way to the public to educate our viewers. Their participation by buying our sponsors products or services is most important to benefit everyone involved. This will in itself increase their bottom line and increase their participation with us.

We believe in the art of cross marketing. This will allow reduction of direct cost factors and will increasing exposure to a maximum level in the most positive ways to our consumers.

As we develop new products we will create new markets. Our goal will be to find the most efficient ways to reduce cost and maximize our exposure and profitability for those that are willing to take their time and money to believe in us.

We will create new ways to promote their company and their participation with us. By finding new ways to market their products or services, we will find the most cost efficient way to reduce their cost and to increase sales and in addition to their value in the market. place
